Badges & Social Media

At Cohesity, our dedication lies in equipping you with the necessary tools to accomplish your professional aspirations. Equally significant, we offer avenues for you to effectively convey your hard-earned credentials on social media. Our credentials include accreditations, certifications and end of course badges.

Our badges incorporate analytics to show a progression path and advancing knowledge and skills of data management, providing insight to others into how our program and learner is performing, and through our collaboration with Credly, we present you digital versions of your credentials. These Cohesity digital badges serve as a means to showcase your expertise, abilities, and accomplishments to the global community.

How it works

1. Receive an email from Credly within one day of passing an exam
2. Claim your badge
3. Start sharing! Add your badge to LinkedIn, your email signature, blogs and more.

Badge FAQs

- 1. What is an open badge?**
Open badges are web-enabled versions of a credential, certification, or learning outcome that can be verified online in real time.
- 2. How does my certification get displayed as a badge?**
Each certification badge is issued and managed through Credly, which is based on the Open Badge Standards maintained by IMS Global. You can manage, share, and verify your competencies digitally through Credly.
- 3. How will I know if I've earned a badge?**
You will receive an email notification from Credly with instructions for setting up your account and claiming your badge.
- 4. What if I don't want my badge to be public?**
You can configure your privacy settings in Credly. You're in complete control of the information about yourself that is made public.
- 5. What prevents others from copying my badge and using it?**
Badges are data image files that are uniquely identified to data hosted by Credly. The link to the verified data makes them more reliable and secure than a paper-based certificate. It also eliminates the possibility of anyone claiming your credential and your associated identity.
- 6. Where and how can I share my badge through Credly?**
Share your badge directly from Credly on LinkedIn, and other social media platforms. You can use it in email, on a website, and in your email signature.
- 7. Can I export badges issued through Credly to other badge-storing platforms?**
Yes. You can download your badge from the Credly "Share Badge" page. Your downloaded badge contains Open Badge Infrastructure (OBI) metadata. This allows you to store your badge on the other OBI-compliant badge sites, such as the Mozilla backpack.
